ANNUAL RETURN: Councillors discussed at length the amount of donations to local groups that have been made during the past year. The coming year which will see the new play area being developed was also discussed as there may be opportunities for the Community Council to contribute financially to this project as well as ensuring that existing groups and causes are supported.

The overall cost of the annual return was questioned as being high when you consider the Clerks time, internal auditor, and external auditor costs. The Clerk explained that the Community Council is treated that same as large town Councils that are receiving ten times the amount of precept than us and have other incomes and many outgoings. The Clerk took the Councillors through the annual return, Chairman Wells checked through each page and discussed various points. Vice-Chairman Lewis proposed approving the annual return as correct and Cllr Morgan seconded this proposal. All Councillors agreed and Chairman Wells signed the annual return.
